

AVANCE L3

Productive, flexible, affordable Gogo Biz connectivity

Enhance your flight deck safety with real time information, reliably make calls, send text messages and emails plus built-in onboard entertainment. With service plans from hourly to unlimited, fly connected while managing your budget.

FEATURES

Reliable cost-effective inflight internet

- Seamless low-latency coverage across the contiguous U.S., plus portions of Canada and Alaska
- Enables email, web browsing, corporate VPN access, texting, and voice calls*
- Two service levels to choose from, depending on connectivity needs and device requirements

Terrestrial modem

- Complimentary ground connectivity in select countries

Gogo Vision inflight maps, entertainment and information

- 3D moving map, destination weather
- Unlimited licensed movies and TV (subscription required)
- eMagazines (subscription required)
- News clips (subscription required)
- Automatic content updates

Gogo Skyline for in-cabin communications (voice plan required)

- Reliably make calls using your own phone and contacts in the air, and via any Gogo network
- Serves as a handset for Iridium satellite calls, Gogo Voice over ATG calls, or calls within the cabin

Path to Gogo Galileo - Global LEO broadband connectivity

- Global low-latency satellite coverage
- Greater speed and capacity
- Streamlined installation: AVANCE L3 can power Gogo Galileo via an easy addition of the antenna terminal
- 1 AVANCE L3 system + 1 antenna (HDX or FDX) = Global coverage

Award-winning service and support

- Use AVANCE over-the-air (OTA) functionality to remotely update your AVANCE system software, manage your MIX configuration, monitor the health of your LRU, and update your IFE content
- Gogo DASH tools provide visibility into the health of Gogo systems and control to customize your connectivity experience
- 24/7/365 monitoring, global support, and remote service activations

*Streaming required? Consider the AVANCE L5 or LX5 systems, which connect to the Gogo Biz 4G and Gogo 5G networks

SPECIFICATIONS

Aviation grade

- Built to DO-178C Design Assurance Level D
- Installs inside or outside the pressure vessel

Dimensions and weight

- MCU size: 3MCU
- LRU dimensions: 3.97" W x 7.64" H x 12.57" D
- LRU with mounting tray dimensions: 4.18" W x 8.38" H x 16.24" D
- LRU weight with mounting tray: 12.0 LBS
- Mounting tray weight (with fan): 3.0 LBS
- Two (2) omni-directional antennas
- Externally mounts in forward and rear positions to the fuselage
- Antenna dimensions (per antenna): 5.9" L x 4.2" W x 6.5" H
- Antenna weight: 2.5 LBS

Electrical characteristics

- Voltage Range: 20.5 to 32.2 VDC
- Maximum power: 115 W @ 20.5 V input with heaters on

Multi-aircraft discounts available

* System price does not include installation. Contact a Gogo authorized Dealer for installation cost.

**5-hour monthly minimum applies. Customers may roll over up to 5 hours per month up to a maximum of 15 hours. Rollover hours must be used within 12 months from when they are banked. Hourly rate includes both voice and data service. No additional discounts apply. If you're considering an hourly plan for connectivity service, please be aware that any device connecting to the internet via the cabin Wi-Fi network triggers the \$105 hourly charge, even if minimal data is passed. Billed in 15-minute increments after the 1st hour per flight.

*** Option to purchase additional 25 GB increments of Gogo Galileo data for \$3,500 (must be used within the year of purchase).
