

AVANCE SCS

Small form factor with incredible power

AVANCE SCS is your smallest, lightweight LRU that enables global broadband connectivity via the Gogo Galileo network. With all the power of the AVANCE platform in our smallest form-factor, SCS is your perfect solution if there is no requirement for ATG services.

FEATURES

Smart router provides a seamless experience

- Advanced 802.11ac dual-band router (5GHz & 2.4GHz) maximizes bandwidth and optimizes in-cabin Wi-Fi
- **SCS Elite:** Dynamic, multi-bearer data and voice management
- **SCS Media:** Single bearer data management

Global broadband connectivity

- At home, or in office like broadband internet to any size business aircraft, worldwide
- Leveraging Eutelsat OneWeb's enterprise grade LEO satellite network
- Fast speeds, incredibly low latency, global satellite coverage
- 1 AVANCE SCS system + 1 antenna (HDX or FDX) = Global coverage
- With two different antenna sizes, there is a perfect fit for every aircraft and mission

Terrestrial modem

- Complementary ground connectivity in select countries

Gogo Vision inflight maps, entertainment, and information

- Gogo 3D moving map
- Destination weather
- Unlimited licensed movies and TV (subscription required)
- eMagazines (subscription required)
- News clips (subscription required)
- Multi-language audio tracks
- Automatic content updates

Award-winning service and support

- Use AVANCE over-the-air (OTA) functionality to remotely update your AVANCE system software, manage your MIX configuration, monitor the health of your LRU, and update your IFE content
- Gogo DASH tools provide visibility into the health of Gogo systems and control to customize your connectivity experience
- 24/7/365 monitoring, global support, and remote service activations

SPECIFICATIONS

Aviation grade

- Small, lightweight form factor
- Built to DO-178C Design Assurance Level D
- Installs inside or outside the pressure vessel

Dimensions and weight

- MCU size: 2MCU
- LRU dimensions: 2.40" W x 7.64" H x 12.57" D
- LRU with mounting tray dimensions: 2.46" W x 10.25" H x 15.19" D
- LRU weight: 6.3 LBS
- Mounting tray weight (with fan): 1.5 LBS
- Mounting Tray Weight (no fan): 0.9 LBS
- Bulkhead Mounting Kit: 0.8 LBS

Electrical characteristics

- Voltage Range: 20.5 to 32.2 VDC
- Maximum Power: 68W at 20.5V input with heaters on
