

2026 FIFA Special Event Fees

Special event fees allow Business Jet to maintain the award-winning service clients expect, while ensuring safe operations during high traffic events. During these periods, we invest in additional staffing, enhanced security, and elevated guest spaces for your safety, comfort and overall experience. This allows us to continue delivering unrivaled service and unforgettable experiences, even at peak demand.

Please be aware that all reservations during FIFA World Cup dates require a non-refundable special event fee due to exceptionally high demand. This event fee is collected at the time of booking and is separate from your facility fee or minimum fuel purchase requirements. Reservations are not guaranteed until the event fee has been received.

Special event fees and PPR regulations apply throughout the FIFA World Cup schedule. Event fees are non-refundable and do not include any airport assessed charges, such as airport concession fees. We appreciate your understanding as we work to ensure fair availability during this peak event period.

Fees are subject to change without notice. Please contact Business Jet for the most current information.
